Loyal Claims,

Some time ago a large number of claims were filed with the State authorites, authenticated by commissioners appointed for the purpose of auditing them, in order to obtain pay for supplies furnished for, or property destroyed by the United States troops in Tennessee. The idea was, if we are not mistaken, for the State to pay these claims and afterwards look to the Government for reimbursement, as was done by Morgan's raid.

The idea was abandoned, however, and hundreds of these claims, prepared in proper form, with great care and at considerable expense, have been lying at Nashville for a long time; but realizing the probability of their being paid by the general Government if approved by the United States Commissioners, our popular Court Clerk, Mr. J. WORK DONE BY THE ASSEMBLY. Between five and six hundred bills were introduced into the House, and two hundred and fifty-four into Paymaster General Bryce has been relieved the Senate. The number of resolutions introduced was about two hundred and fifty, one hundred of which originated in the Senate. Of the House bills one hundred and one became laws; and of the Senate bills fifty-two became laws. Of the one hundred and fifty-three bills that became laws eight gave an additional justice or notary public to as many towns, eleven were in the interest of railroads, sixteen changed county lines to say nothing of many county line bills that were vetoed, twenty-seven were special in their character, forty-eight were purely local, fourteen were general yet did not affect the people particularly, and twenty-nine directly affected the entire State. All of the railroad laws originated in House except two.

Revenue collectors hereafter receive commissions only on the money by them actually collected and paid over. State warrants are made receivable for taxes due the State.

LAWS AFFECTING COURTS. The rules of chancery practice were revised and important changes made. A Criminal Court was established for Wilthe State of Ohio, for property destroyed in | courts are changed as follows: Roane Circuit Court changed to second Mondays of April, August and December, but not to ber: Jefferson Chancery Court changed claims of petitioners from Knox county, which are now subject to the disposal of the proper parties.

The courts of Cocke county are hereafter to be held at Clifton instead of "in the dilapidated court house in Newport!" Courts are empowered; to tax all prosecutors with costs when they wilfully abandon the prosecution. All laws on the subject of changing the venue in the Courts of Record, passed since the Code, are repealed, and the Code left in full force. The courts are required to determine, before all others, suits affecting the revenue, or the right to hold office. Moses were appointed Trustees of Hampden Sidney Academy. Dr. Saffold was appointed State Geologist and General Battle Superintendent of the Penitentiary.

GOOD NEWS FOR TEACHERS.

School teachers will be glad to learn that if they take their accounts to the County Trustee of their county, it is made his duty to forward a list of the teacher's names and the amounts due each, along with a school warrant or warrants enough to cover said amounts to the Comptroller, and the Comptroller is directed to issue to each teacher a warrant for the amount due him.

Such has been the work of the session, so far as it is interesting to the people of East Tennessee, and so far as it has not been alluded to in former letters. The various railroad bills, the re-districting bill, the bill to strike Colonel John Baxter, and the bill creating the office of District Attorney for Knox county have all been herepaper articles, was not changed. Every -and paid for it in oyster suppers. Outside of railroad matters and matters in which Jones, Purvis & Co. had an interest, I will here add that the Republican Senators resisted the lobby to the last, and voted against everything like an unnecessary expenditures of public money. I infer from what I have heard that the action of the Republican Representatives was equally honest and patriotic. The session will be called about the last of April to lay off the State into Congressional Districts. The reason this was not done at the regulay session was that Congress has not yet fixed the number of Congressmen we are to have. It is generally agreed however that Tennessee will be allowed nine.
